Let's explore Kiddy Kollege

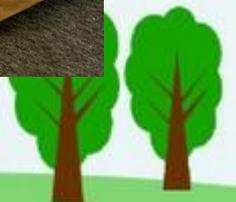

Here are the cubbies. This is where you will keep your coat and backpack when you come to school.

We have two play areas and you will get to visit both when you come to school. The Fishy Group will meet Mrs Gennings in the big room once they put their things away in their cubby

Our quiet area to read and our big blocks

Our dramatic center is set up as a farmstand where you can be a farmer and sell all you fresh fruits and veggies. We also have many fun toys that help you to use your wonderful imagination.

Kiddy Kollege has a lot of learning centres where you will learn shapes, colours, numbers and letters!

This is our smaller play area where the Froggy group will meet Mrs Erin after they arrive! In this room you will have lots of toys to play with. You will also get to do a fun craft and have a story at gathering time!

Here is the craft table where you will create many wonderful things to bring home! Here are some of the puzzles and toys you will get to play with too

This is where we get to have a yummy snack half way through our mornings before the two groups switch rooms

At the end of your morning we will get our backpacks and head outside to the playground while we wait for your Mommy, Daddy or a special grown up to come pick you up!

We hope you liked your tour of your new school. All of your teachers are really excited for you to come on your first day!

See you soon!
